

TECHNICAL DATA SHEET

Hydrosan Anti-Mic Hand Soap/ Foaming Hand Soap An anti-microbial hand soap containing G-cide technology

DESCRIPTION

Hydrosan anti-microbial hand soap/ foaming hand soap is a disinfectant detergent skin cleanser with proven bactericidal, fungicidal and virucidal properties. It has been tested to BSEN 1499 testing.

Hydrosan anti-microbial hand soap/ foaming hand soap is either non-fragranced (food areas - blue) containing 0.3 - 0.5% active G-cide or has a light, scented fragrance (institutional - pink) containing 0,3% active G-cide. The product contains G-cide, food-grade surfactants and skin conditioners.

APPLICATIONS

Hydrosan anti-microbial hand soap/ foaming hand soap can be used in hospitals (all areas where hands require washing), theatres, police stations, clinics, nursing homes, children's homes, mortuaries, prisons, kitchens and any other occupation/industry where there is a risk of disease transmission by physical contact, e.g. food handling - before and after eating.
