

TECHNICAL DATA SHEET

Klenzmatic

Machine dishwashing liquid detergent

SANS 1828

DESCRIPTION

Hydrosan Klenzmatic is a concentrated, machine dishwashing liquid detergent.

APPLICATIONS

Hydrosan Klenzmatic is a concentrated liquid detergent designed for use in commercial and industrial dish washing machines. Hydrosan Klenzmatic can be safely used with all types of crockery and utensils, including plastic ware. Hydrosan Klenzmatic is not recommended for use in manual dishwashing operations, due to its high alkalinity. Hydrosan Klenzmatic contains corrosion inhibitors to prevent the product from attacking metals normally used in the construction of commercial washing machines. It also has a high concentration of sequestering agents that ensure freedom from scale and prevents streaking in glassware and crockery.

PROPERTIES

Appearance:	Clear, yellow liquid
Odour:	Mild
pH:	12.0 - 14.0

PRODUCT FEATURES

- 1) Effective in both soft and hard water.
- 2) Rapid removal of grease.
- 3) Safe on all surfaces.
- 4) Biodegradable.

DIRECTIONS FOR USE

Hydrosan Klenzmatic is used at a dilution of 50-100ml; per 100lts of water.
IN machines where automatic feeding devices are installed our technical representatives will set the controls to feed the right concentration.

FIRST AID

Product in eye:	Flush thoroughly with water for about 15 minutes and seek medical advice if irritation persists.
Product on skin:	Rinse well with water. Apply skin cream if irritation persists.
Product ingested:	Drink large quantity of water or milk and seek medical advice.
Product inhaled:	Move to fresh air and seek medical attention if irritation persists.

STORAGE

Store tightly sealed containers in cool, dry area away from direct sunlight and sources of heat. Shelf life of properly stored material is at least one year from date of manufacture

PACKAGING

Available pack sizes are 5 L and 25 L containers
